

Project name: Santuario Corazon Verde

Country: Spain

Start Date: 03 Dec 2022

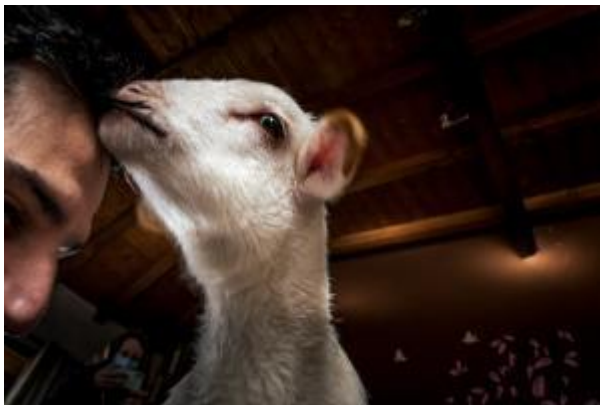

End Date: 11 Dec 2022

Work Types: Environment / Medical / Work with animals

Number of volunteers: 3

Age: 18-99

Language: English and Spanish

Description: The Animal Sanctuary 'Corazón Verde' was created with the idea of giving an opportunity to animals that have been exploited and objectified. It is a space created to re-establish the dignity of non-human animals and to live with them in a natural environment surrounded by freedom and respect, far from the "productivity" and slavery to which they have been subjected all their lives. 'Corazón Verde' aims to raise awareness among people and wants to re-establish a true natural living environment for animals. We are individuals who hold the belief that all animals deserve to be respected and have the right to live without being exploited regardless of their species.

Type of Work: A volunteer is a person who, in an altruistic and supportive way, by their own choice and motivated by their ideology, intervenes in situations of violation, deprivation, or lack of rights and opportunities of other individuals to achieve a better quality of life.

Accommodation: Accommodation will be provided in a shared studio with other volunteers. The accommodation has single beds, a bathroom, kitchen, and common areas.

Language: Spanish & English

Requirements: - This camp requires an additional motivation letter to explain in more detail why you would like to attend. A negative Covid-19 test (PCR or antigen 72h) or a vaccination certificate is mandatory for participation in the workcamp. Only vegetarian/vegan volunteers. In order to get to know the volunteer better, the hosts will ask for an interview to confirm the volunteer's place once the application has been received.

Approximate Location: Navarra, Spain, Calle Mayor 9
