Project Description:

During the summer vacation many children have nobody to take care of them. Parents are working and usually it is impossible to get 9 weeks of vacation. Therefore we organize day care for children from 6 to 9 years old from June 27 Aug 31, every day from 7.30 a.m. 4.30 p.m.

Work: Each week we accept new group of 20 children (other two groups of 15 children are on different locations forest and urban gardens and it is also possible that volunteer occasionally join them), with the group there is staff of 4 people. Each week has its own topic and we are trying to give children as much joy, knowledge and experience on the topic as possible. We invite experts, we visit different organizations regarding the topic; we create, discuss and play regarding the topic of the week. Besides gaining new and different knowledge (we try to find topics which are not within school curriculum), experiences and of course as much fun and joy, we would like also to provide children a safe place, getting language and communicational skills, intercultural competences and tolerance, etc.

Requirements: Volunteer is expected to have experience, motivation and passion on working with children, supervise children, play with them, talk to them, teach them some English and being engaged in a daily routine.

Food: Three meals are provided in a Family centre. We will provide Urbana card for public transport.

Accommodation: The apartment will be provided in student campus.

Pocket money: 350 EUR per month

Insurance: You will need to arrange your own insurance.

Fees: None

Visa: You will need a Schengen visa if you are from the outside of the Schengen zone.
